Information Items

1. Virtual Learning- another good month. 46 students currently working remotely through the edgenuity, monitored by an instructor.
2. Stakeholder Surveys on ESSER and Vaccine Clinic- presented the board with data from the surveys. Highlights include: 44% of families surveyed were interested in partaking in a vaccine clinic. 56% of families surveyed were not interested. Most families prefer to see their child assisted through tutoring or summer school programs provided by the district. About 3% of families were interested in volunteering and 92% asked for additional counseling. Overall parents were most concerned about the learning loss during the pandemic and are asking for additional social emotional support.
